**Legend:**

- interruption of gas transport
- with capacity reduction (the number inside the cell points out the effective days or months of the reduction)
- no redundancy (only the sufficient power available - no stand-by)
- full redundance available
- Modulation during the Gasday.
- Major maintenance periods: from 6th August to 26th August; Early maintenance periods: from 4th June to 10th June;
- Additional maintenance periods as possible "second choices": from 2nd July to 15th July; from 2nd April to 6th May
